What type of services do we offer?

Daily & Nightly Cleaning

Whether you need daily, nightly, or a onetime cleaning we can help. The cleanliness of your facility is not only a reflection of your business but ours too!

Carpet Cleaning

In the carpet cleaning process we remove deep stains and dirt that vacuums alone cannot, giving your carpets a thorough cleaning to bring them back to life.

Stripping and Waxing

High foot traffic takes its toll on your floors, leaving behind scuff marks and signs of age. Our highly trained technicians can tackle any type of tile, and make your floors look like new with our floor restoration process.

Why Choose A-1?

“The cleanliness of your facility is not only a reflection of your business but our too!”

Family Owned and Operated

Don't deal with impersonal corporations. A-1 Cleaning is family owned and operated, and has been since 1984. Our personal and friendly staff is one of the many reasons we have an outstanding customer satisfaction rating.

Competitive Pricing on Supplies

Janitorial supplies can be expensive and add up quickly. We are not just your average cleaning company; we buy and supply our products wholesale, passing savings onto you. Ensure you're getting the best bang for your buck by using A-1 Cleaning.

Trust, Reliability, Experience

In this industry reliability is crucial. We have a proven track record of satisfied customers since 1984. Due to our experience and knowledge we can accommodate an array of maintenance needs. References available upon request.
